## OLYMPIC BENCH | COMPETITOR CB-729

Tone your body as if it's summer every day, and get the total home-gym workout with this exceptional all-in-one Olympic weight bench by Marcy. The Competitor Olympic Bench has a multi-position back pad that can be altered to suit your workout routine. It has independent, adjustable-height crutches with quick-release pop-pin knobs to match ideal training position while providing maximum comfort and safety.

The multiple seat back positions let you perform many different training exercises. Work out in chest, decline, military, and incline lifting

positions with this weight bench. Train not only your upper body, but your lower limbs too. The bench has a dual-action leg developer to help you strengthen the lower parts of your body. It also comes with padded foam rollers for all-out comfort on the ankles and knees.

Build up your lower-limb muscles with leg extensions and flat-leg curls using this ergonomic exercise equipment. This weight bench has 2-inch thick pads made with high-density foam padding to help you exercise comfortably. It supports the body in reducing muscle fatigue during workouts. The foam padding boasts outstanding stability, endures a lot of pressure, and is guaranteed to resist heavy lifting.

The Marcy Competitor Weight Bench's heavy-duty steel-tube frame and durable powder-coated finish provide great resiliency.
